STAT

[redacted] These seminars are intended to bring physical security officers together to share knowledge and experience and to seek common application of physical security policies.

Mr. Don Ness from your organization previously spoke at the seminars on the subject of Systems for Denying Access and arranged for followup tours at your American Embassy - Fullerton. These presentations have been regarded as very appropriate and highlights of our seminars.

We invite you to conduct the briefing formerly presented by Mr. Ness at our next seminar. That briefing has been scheduled for 1015 to 1115 on Friday, 24 August. Also, we request that you direct the followup tour at Fullerton which has been scheduled for 1400 to 1515 on Friday afternoon.

Instructions [redacted] are attached to this letter. Mr. Tom Thounhurst, the Department of State member of our Physical Security Working Group later will provide you a full seminar schedule. We invite you to attend any additional presentations you may find interesting and you are encouraged to remain after normally scheduled events for informal discussions with the participants if possible.
